

22 DE ABRIL

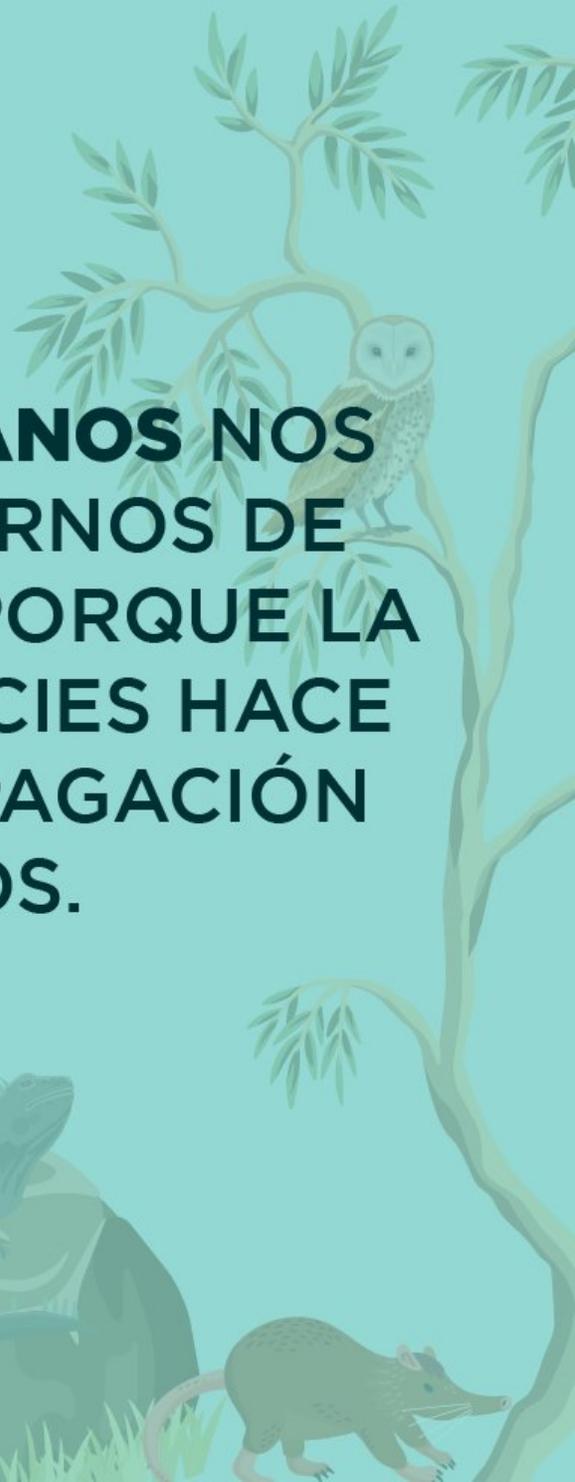

DÍA MUNDIAL DE LA TIERRA

HAGAMOS LAS PACES CON LA NATURALEZA

An illustration of a forest fire. In the background, a large, full-canopied tree with green foliage stands. In the foreground, several trees are shown in various stages of being consumed by fire. One tree on the left has a large flame at its base. Another tree in the center has a flame at its base and a larger flame at its top. To the right, a large, intense fire with bright yellow and orange flames is spreading across the ground. The overall scene is set against a light green background.

**CADA AÑO, EL MUNDO
PIERDE 10 MILLONES DE
HECTÁREAS DE BOSQUES.**

**LOS ECOSISTEMAS SANOS NOS
AYUDAN A PROTEGERNOS DE
LAS ENFERMEDADES PORQUE LA
DIVERSIDAD DE ESPECIES HACE
MÁS DIFÍCIL LA PROPAGACIÓN
DE PATÓGENOS.**
